Hi Gabe,

We wanted to send over some reading material for the next few weeks. Please don't feel obligated to spend your time studying, but just in case you want to brush up in your downtime.

Apologies if these are already abundantly obvious, but the unpaid biotech news we look at daily are:

- STAT news
- Endpts
- FierceBiotech (a bit less useful than the first two)

I'd focus more on articles about data readouts or review-style pieces, as opposed to announcements about raises which are common on endpts/fierce.

I'm also attaching a few sellside primers on various topics of interest. I wish I had more time to read things like this, but they are really great.

Laura

Hi Laura,

Thanks so much for sending this over. This is genuinely incredibly helpful.

I'll start by diving into STAT and Endpts with a focus on the data and review pieces. I'm also looking forward to reading the primers.

I really appreciate you sharing these and hope you have a nice evening.

Best,

Gabe
